TINKER

All Foam Soft Seating

MOORECO™

CONSTRUCTION & FEATURES:

- This inventive collection of sturdy foam floor pads and ottomans is designed to help young students discover different learning positions and shoot for the stars. Foam seating encourages choice and fosters autonomy so students can become agents in their learning.
- Structural shapes inspired by mathematics and science include gears, puzzle pieces, and interlocking geometric shapes add visual stimulus in unsuspecting ways. Tie shapes to curricular objectives, inspire hands-on collaboration and experimentation, elevate story time with imaginative props, associate shapes with science and engineering lessons, and organize small breakout groups according to shape.
- Floor cushions (3"H) can be used as seats, back rests, or even work surfaces. Ottomans (18"H) can create tiered seating and offer different classroom perspectives and vantage points.
- Changing seats and adjusting positions periodically results in positive physical effects. Have students move the seat pads to create their own environment, learn about their bodies, and promote autonomy.
- Tinker floor pads and ottomans are made of high-density foam with a zipper cover. Ottomans have a non-skid bottom. Available in a wide range of colorful QuickShip fabrics for guaranteed fast delivery. Products come fully assembled and ready to use.
- SCS Indoor Advantage Gold Certified.

AVAILABLE UPGRADES:

- CAL 133 Compliance
- Moisture Barrier

PRODUCT LINE:

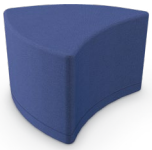
Arrowhead Ottoman
FM2ARR1

15"H × 32"W × 16"D | 8 lbs

Bite Ottoman
FM2BTE1

18"H × 21.3"W × 17"D | 8 lbs

Chevron Ottoman
FM2CHV1



18"H × 24"W × 28"D | 12 lbs

Dot Ottoman
FM2DOT1

18"H × 22"W × 22"D | 13 lbs
