FORGE 5 YEAR WARRANTY & DAMAGE POLICY

Our all-metal storage line is built to deliver long-lasting durability in demanding CTE environments. Because these products are heavy and precision-crafted, careful handling during transit and installation is essential.

In the event of shipping or handling damage, CEF will evaluate each situation on a case-by-case basis.

- Minor cosmetic damage (such as small scratches or scuffs) will not qualify for replacement. In these cases, CEF will provide a paint touch-up pen matched to the product's finish and may offer a discount at our discretion.
- Damage to non-visible areas (such as sides or backs that are not exposed after installation) will also not qualify for replacement; CEF will evaluate the damage, and a discount may be offered.
- Major visible damage that affects the appearance or functionality of the product will be reviewed individually. Replacement will be approved only when deemed necessary by CEF.

Our goal is to ensure customer satisfaction while maintaining responsible and sustainable warranty practices.
