

HIGH CAPACITY TUB CARTS

EC11 Shown Above

32X18 TUB CART- THREE SHELVES

Luxor's bestselling EC-series utility carts are constructed to be reliable while carrying weighty loads. The 2.5" deep shelves are made of a material known for its incredible strength to density ratio (HDPE), assuring that each EC cart is durable without being bulky or cumbersome. While transporting goods, easily guide the service cart amid indoor and outdoor environments using the ergonomic push handle; use locking brakes when your heavy load needs to remain stationary. The carts can hold up to 400 lbs. with included 4" casters, or you may upgrade to the 5" casters for a 500 lbs. weight limit! Our EC tub carts, which are made in the USA, are an impeccable choice for a variety of users.

EC111-C
