MyBASE[®]

Teach. Move. ENGAGE.

**Freedom to teach anywhere.
Ability to engage everywhere.**

PART OF THE BEST-SELLING CALLERO RANGE

MyBASE[®]

Building Active Student Engagement

Rethinking the way teachers
move, teach, and more importantly
ENGAGE with students

Where
you stand
changes
everything.

Education is about engaging learners. Yet too often, the tools we give educators limit their ability to connect, inspire, and transform learning. That's why we created the Gratnells **MyBASE**. More than a desk, **MyBASE** is a doorway to possibility.

Developed in direct response to what schools asked our Planning Learning Spaces team for, **MyBASE** brings teachers to where learning happens, turning learning environments into dynamic, interactive spaces.

DESIGNED TO MOVE.

This isn't just furniture – it's a shift in how we think about learning spaces.

Practical, affordable mobility that supports everyday teaching and creates inclusive, engaging spaces for all.

Built for engagement

Developed by experienced educators, its design fosters interactive, student-centered teaching approaches.

Make transitions effortless

Improves visibility and mobility for smooth activity changes, reducing downtime and keeping students engaged.

Promotes agile teaching

Allows teachers to move freely, creating dynamic interaction, stronger engagement, and responsive one-to-one teaching.

Flexible and adaptable

Fits diverse teaching styles and spaces, making classroom changes quick and effortless.

Boosts student involvement

Encourages active participation, builds confidence, and supports personalized teaching for every learner.

Practical and organized

Integrated trays make storage simple, keeping spaces tidy and teaching time maximized.

Designed for inclusion

Unobstructed sightlines empower students with hearing difficulties to lip-read, connect, and stay fully engaged.

Educators are already seeing the impact

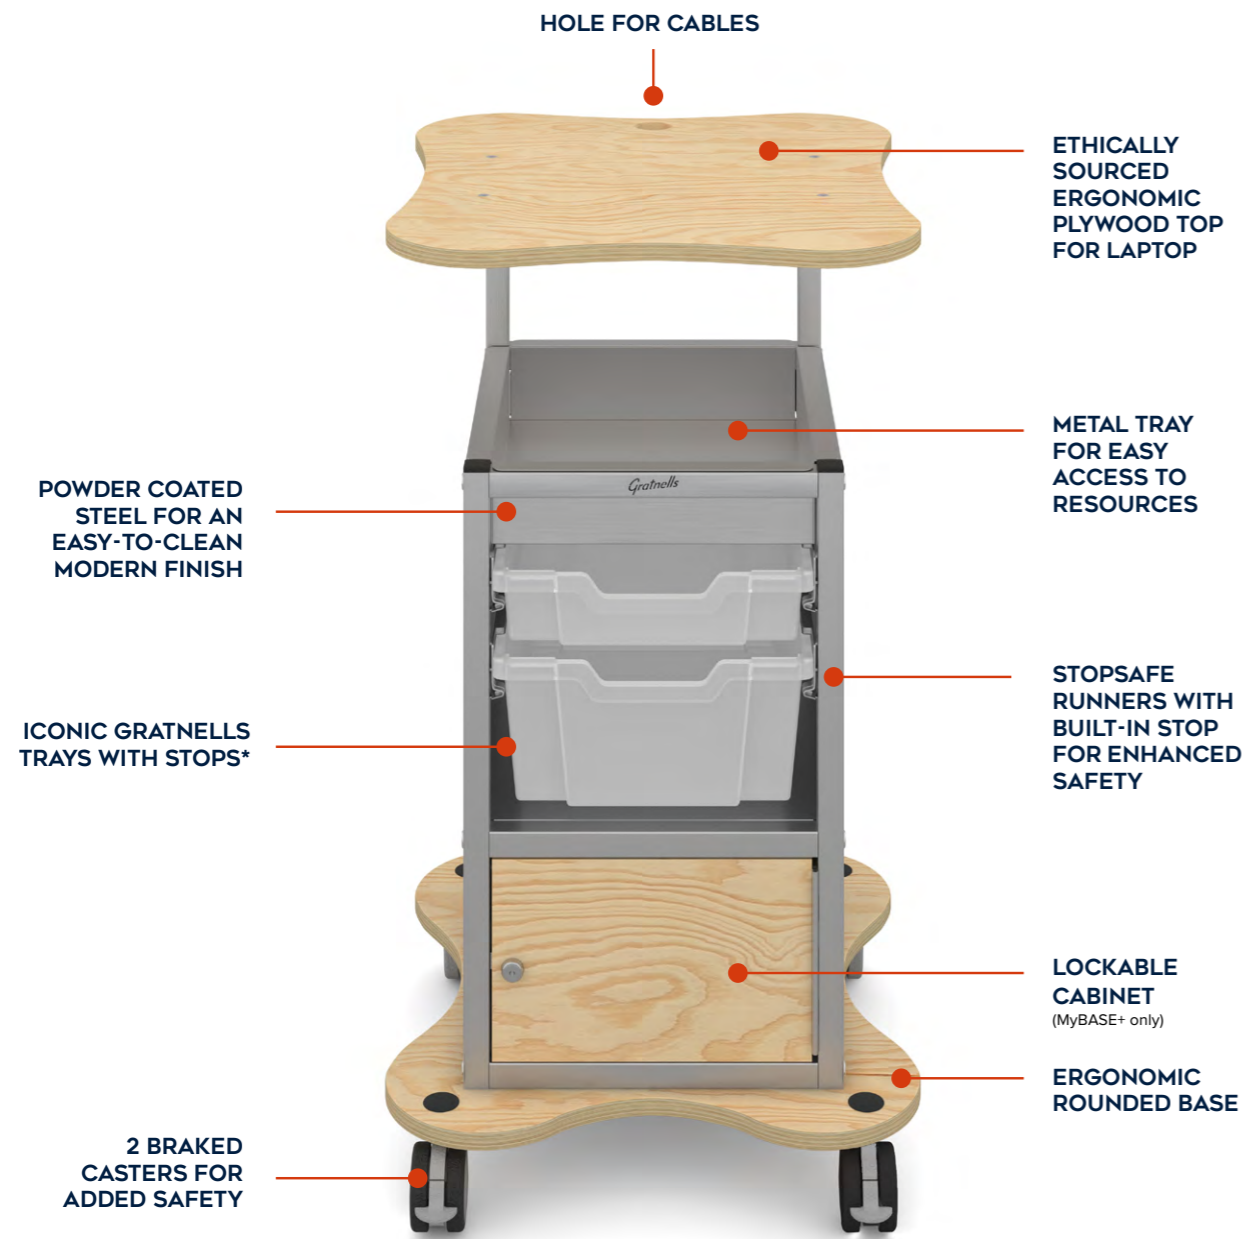

“The mobility has made a noticeable difference in student participation and attentiveness.”

“MyBASE® makes teaching easier, more dynamic, and more engaging than a ‘sit down’ desk.”

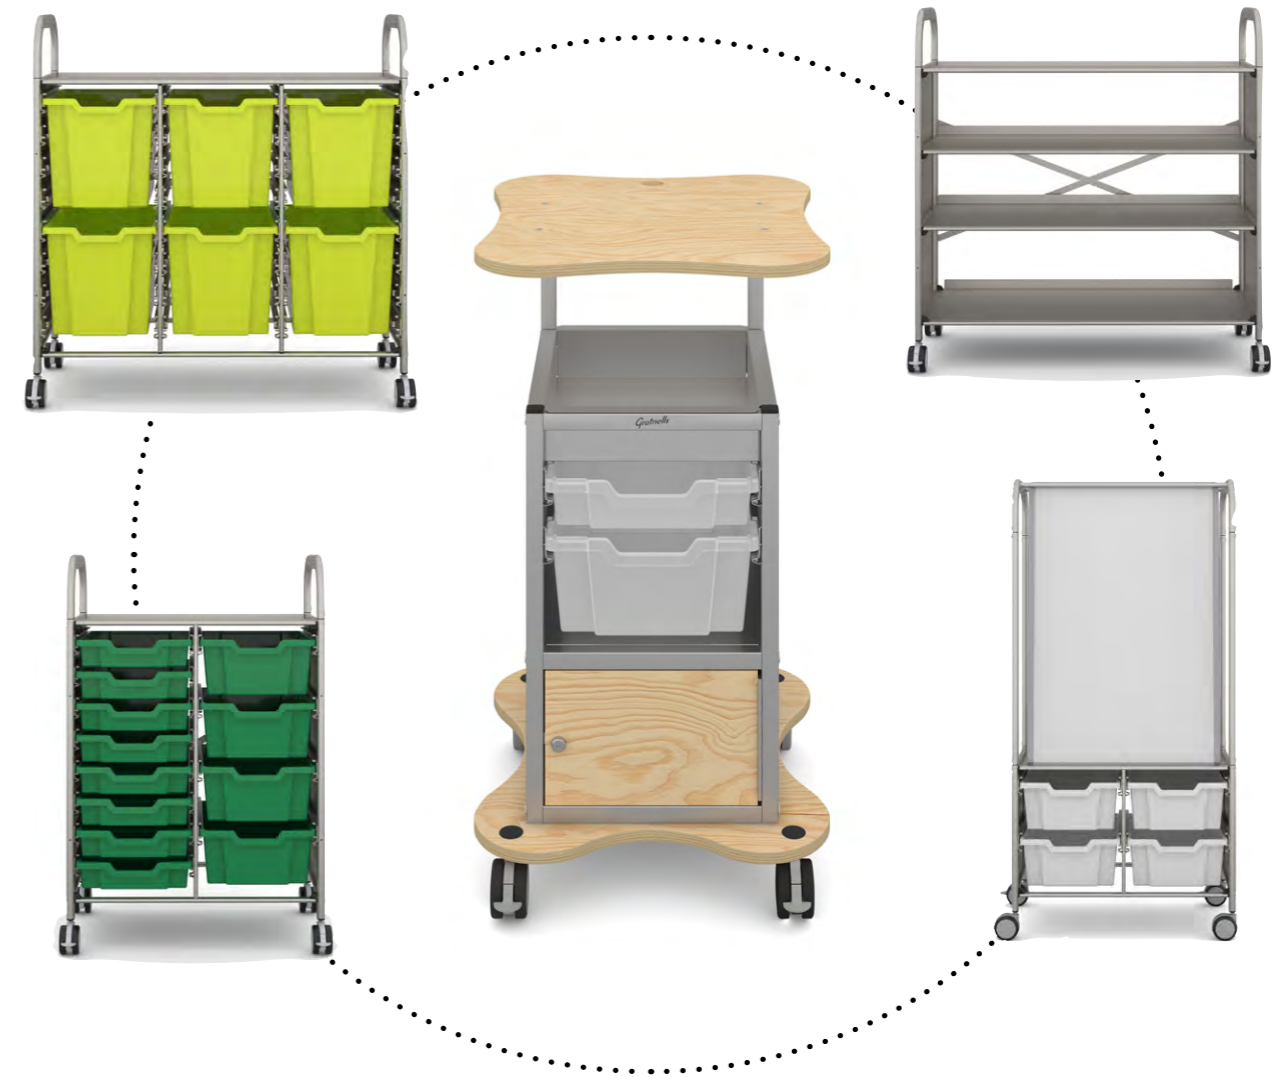

“MyBASE® has helped me to create a more inclusive learning space, specifically for children with hearing difficulties.”

TEACHING, REIMAGINED.

Positioning within the Callero Range

BUILT TO LAST, MADE FOR LEARNING
Robust materials and smart design for durability and minimal upkeep in learning spaces.

KIND TO THE PLANET, CARING FOR THE FUTURE
Made with sustainable, recycled materials because today's learning spaces shape the future.

SIMPLE TO SHIP, EASY TO SET UP
Flat-packed for quick delivery and easy assembly; more time inspiring, less time building.

MyBASE complements the Gratnells Callero range, offering a mobile, teacher-focused solution that works seamlessly alongside existing classroom storage and layout systems.
