## MODULAR CLASSROOM BOOKSHELF / TEACHER STORAGE CABINET

Luxor's Modular Classroom Bookshelf / Teacher Storage Cabinet is an innovative, mobile classroom storage system that makes it easy to organize school supplies like books, toys, robotics, and more.

This versatile collection of classroom cabinets comes in a variety of configurations. Optimized for grade K-8, you can choose a single unit or mix and match to create a custom solution. Features include durable steel construction, height-adjustable classroom shelves, full-swivel, 1.5" casters (two with locking brakes) for easy mobility, a coat and bag hook (model MBSCB05), and a sturdy tabletop surface that provides additional work or storage space. Best of all, each classroom storage cabinet includes hardware that lets you easily connect it with compatible MBS-series storage units, reading stations, and more.

### Features:

- Sturdy, height-adjustable classroom storage shelves allow the creation of customized storage compartments
- Teacher cabinet (narrow-tall module) features a coat and bag hook plus room for shoes and other personal items
- Powder-coated steel construction for strength and durability
- Full-swivel casters allow smooth maneuverability; two locking brakes offer stability for stationary use
- Included hardware ensures secure connections between classroom bookshelf modules and other compatible MBS-series products
- Modules can be used individually or mixed and matched to create a custom storage solution

### Product Matrix

Part #	Product Description	Adjustable-Height Shelves	Fixed-Height Shelves	Product Dimensions	Product Weight
MBSCB01	Narrow Module with Casters and Tabletop	2	1	18.25" W x 18.25" D x 29" H	39.2 lbs.
